

Dear Parent/Guardian,

Please find attached the list of options for this year's senior educational tour; we are hoping to travel during the first week of Easter holidays, however if it proves to be cheaper later in the Easter break we will travel then. I would ask you to look over the three options and if your son or daughter is interested in travelling on this year's tour then please select in order of preference; please only select if seriously thinking about applying to go on the tour.

When I have collated the responses I will then issue application forms for this year's tour. It is important to bear in mind that the behavioural record and attendance record will be looked at when determining who is allowed on the tour; please see the excursions policy on the school website for more details.

The cost of the tour will be approximately €540-€550 and this will include all entrances and also the cost of the return coach to Dublin Airport. This price is based on current airline prices and I am hoping that we will be able to secure cheaper flights.

For the past number of years we have held a fundraising raffle which has reduced the cost of the tour by approximately €25 per person. The final overall cost last year was €513. The above price is based on bringing hand luggage only and if students wish to take checked-in baggage this will add €30 to the overall cost.

Please return your selection to me before Monday 21st September.

Yours sincerely,

M. Leyden (Tour Organiser)
